Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for the Manana Wells Control Valves Installation project in Fiscal Year 2025. The entity to receive funding for this project is the Honolulu Board of Water Supply located at 630 S. Beretania Street, Honolulu, HI 96843.

The funding would be used to install a control valve assembly and water line connection to allow the controlled release of Pearl Harbor 285 system water into the Metropolitan 180 system. The project is an appropriate use of taxpayer funds because interconnecting these two systems will support reliability and adequacy of water for drinking, hygiene and fire protection. The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

With aloha,
