The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Dear Chair Cole and Ranking Member Delauro:

I am requesting funding for the Fireshed Partnerships to Facilitate Wildfire Risk Reduction project in Fiscal Year 2025. The entity to receive funding for this project is the Hawai'i State Climate Commission located at 1151 Punchbowl Street, Room 132, Honolulu, HI 96813.

The funding would be used for wildfire planning and risk mitigation activities. This includes mapping and assessing available fire-related resources and developing land management strategies to reduce the risk of wildfires. The project is an appropriate use of taxpayer funds because it directly protects public safety, property and critical infrastructure by assessing risks and developing strategies to prevent and mitigate wildfires. The project has a federal nexus because the funding provided is for purposes authorized by 16 U.S.C. § 1451 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

With aloha,

Ed Case
