The Honorable Kay Granger
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Energy Efficiency and Renewable Energy for the Hawai'i State Energy Office Clean Energy Wayfinders Program in Fiscal Year 2023.

The entity to receive funding for this project is the Hawai'i State Energy Office located at 235 S Beretania St #502, Honolulu, HI 96813.

The funding would be used to establish a firm foundation to maintain and grow the Clean Energy Wayfinders Program to multiple communities on each Hawaiian island so that more communities in Hawai'i have the means to equitably participate in the State's transition to 100% zero emission and clean energy economy by 2045. This project would employ and train local community residents to spur their own communities' engagement and access to clean energy resources, along with directing help to the low-to-moderate income communities to both become involved in the workforce and lower monthly utility bills with higher access to energy efficient alternatives.

I certify that neither I nor my immediate family has any financial interest in this project.

Thank you for your time and consideration.

With aloha,

Ed Case
Member of Congress
